DEDICATION

Richard G. Scamman, a great friend and benefactor of the Town of Stratham, passed away this year. Dick's achievements in service to his town and fellow townspeople were many. Dick served 16 years on the Board of Selectmen, seeing the town advance from a small farming town to a growing, vibrant community. During his tenure, the Stratham Volunteer Fire Department was formed, and Dick was a charter member. With his help, it became one of the largest and most active volunteer departments in the State. The Police Department also grew from a one man, part-time organization to a full-time department with two officers and a town cruiser. Dick was very active in police work and belonged to the Rockingham County Law Enforcement Association as well as several other law enforcement groups.

Dick was a founder of the Stratham Fair and served on the Fair Committee for over twenty years. Stratham Hill Park was his most rewarding endeavor. He served the Stratham Hill Park Association for many years, as both President and Secretary, and was involved in many projects to improve and enhance the great resource that is the Stratham Hill Park. In recognition of his tireless efforts, the small pavilion at the Park, which was rebuilt after the 1991 storm, was dedicated to Dick on July 24, 1992.

In fond memory and deep appreciation of Richard G. Scamman's efforts in behalf of Stratham, we dedicate this Town Report to his memory.

Two new pavilions and the horsepulling area
at Stratham Hill Park which were
rebuilt during 1992.

SELECTMEN'S REPORT

The Selectmen focused on the rebuilding of Stratham Hill Park over the past year. With the hard work of hundreds of people and organizations, a self-imposed deadline of the 25th Stratham Fair was realized. On July 24, 1992, the two pavilions were dedicated at the opening of the Fair. The Governor and Federal Emergency Management Agency (FEMA) representatives were present. The large pavilion was dedicated to the three people who were killed in the August, 1991 storm. The smaller pavilion was dedicated to Richard Scamman, a former Selectman, long time friend and benefactor to the Park and Town. During the dedication, Steve Flink, our Director of Emergency Management, accepted a National FEMA award for our efforts during the storm. Only two towns in the Nation received recognition during 1991 for an emergency plan and response. Thank you, Steve and your committee, for your efforts.

Federal funds totaling nearly \$300,000 along with several grants and gifts were spent in the rebuilding efforts. The total expenditure to date is \$331,779, with no local tax money spent. The Selectmen would like to take this opportunity to thank all those who have given their time, money, and expertise in our rebuilding efforts. We would like to recognize Paul Deschaine, our Administrative Assistant, whose efforts at coordinating the project and persistence in obtaining several grants made our job much easier. Terry Barnes also spent untold hours daily at the Park, overseeing the project and planning the next day's efforts. Once again, we thank you all for bringing back our greatest asset, the Stratham Hill Park.

The Police Department started the new year with a new chief, Mike Daley. A new computer system was installed. A new cruiser was purchased and an older cruiser was rebuilt. With the retirement of Detective Dick Moreau, Carl Spaulding was reassigned as investigator and a new patrolman was hired. We are recommending an additional full-time officer be hired to work from 6:00 pm to 2:00 am. This is the busiest time of the day when an additional patrol is needed. We would like to commend Mike and his department for an excellent year and continued success.

The three year, State-funded program to expand Route 101 to three lanes was completed this past summer. The new traffic patterns seem to be working quite well, along with the new set of lights at Squamscott Road. No major accidents have occurred since the lights went on line in August.

Our recycling program is growing as more families get involved and join us on Saturdays to recycle at the Municipal Center. The army of volunteers under the direction of Joan Lowell continue to do an outstanding job and we thank them for their continued commitment and time.

The new transfer station at the landfill site is working well. Reducing the hours at the transfer station to every other week during the winter has saved the Town labor costs as well as tipping fees. The closure plans for the landfill are progressing with our monitoring wells in place and water samples taken. The preliminary reports on the water are excellent with no major contaminants found. As a result, it will cost much less to close and cap the landfill. The Planning Board has contracted with the Rockingham Planning Commission to write a wellhead protection program, which will insure continued clean water in the Town of Stratham. This program is being refined at this time and will move to the implementation stage sometime next year.

The volunteer Recreation Commission under its new Chairperson, Debbie Bailey, has completed a new softball field behind the Municipal Center and named it the Gail Binette Field in recognition of Gail's many years of service to the Recreation Commission. The recreation report, elsewhere in this Town Report, will show that participation in recreational programs has increased, resulting in the need for more ball fields and volunteers. A study is being conducted to identify additional playing fields.

Because of the continuing depressed housing market, we reduced the land value portion of property assessments by 5% to help reflect the state of the market. We will look at the situation again in April of 1993 to see if more adjustments are needed.

As you will see from our Capital Improvement Program, we are asking to replace our ambulance. The present ambulance is nine years old and should be replaced with a more up-to-date model capable of carrying all of the equipment that is required. As in the past, the S.V.F.D. will donate half the cost of the ambulance.

In the Highway Department, we are asking to replace our 28 year old Mack sander truck. The repairs for this truck are growing and it is time to replace it. We are also seeking funds to replace two underground storage tanks. One tank holds heating fuel oil at the firehouse. The other is the gasoline storage tank at the highway garage. Both tanks are approaching the end of their useful life and we feel it is prudent to replace them before problems develop. We are committed to install above ground tanks at each site to further reduce the likelihood of contamination and future regulatory costs.

The lookout tower at Stratham Hill Park, a symbol of Stratham as it appears on our Town Seal, is in need of repairs and painting. We have a proposal of \$16,000 to do the work. The Stratham Hill Park Association has offered to pay half the cost. We are also asking for \$10,000 for the Conservation Fund, \$10,000 for the second half of the library computer system, a new mosquito back pack sprayer, and a new lawn mower for the Park.

It has been a busy and productive year. Our colleague, Terry Barnes, has decided not to continue on as a Selectman and we will miss his input and knowledge. Terry has been our prime assessor and overseer of the Park during its reconstruction. His good attitude and knowledgeable input will be missed. We wish him well and continued good luck in his future endeavors.

Thanks for another good year.

The Board of Selectmen

Martin Wool

Terry Barnes

MINUTES OF TOWN MEETING

MARCH 10, 1992

The Ballot clerks were sworn in at 9:45 a.m. by the Town Clerk, Barbara Mann, Pat Sapienza, Annette Carter, Gordon Barker and Edith Barker. Ballots counted: Town ballots 2112, School ballots 2000. There are 3151 names on the checklist. There were 42 absentee ballots cast.

The polls were opened by the Moderator, Stephen J. C. Woods with the reading of the warrant.

The following persons were sworn in as assistant moderators for the purpose of counting the results of the balloting at 7:05 p.m. Maurice Alexander, James Scamman, Charles Palm, Earl Boyce, David Canada, Michael Daley, Kenneth Lanzillo, Christopher Rowe, W. Douglas Scamman, Jr., Lawrence Dowling, and Lynn Morse. Number of ballots cast: 976 regular ballots and 42 absentee for a total vote of 1018.

The following is the result of the balloting: an * denotes person elected.
Selectman for three years: Louis Gargiulo 431, Martin Wool 570*

Trustee of the Trust Funds: Kathryn Bickford 861*

Trustee of the Library: Alice Mansfield 507*, Pauline Wood 295

Cemetery Committee: George R. Brown 885*

Supervisor of the Checklist: William Jeralds 878*

Moderator: Stephen J. C. Woods 830*

Article 2: Yes 558* No 200

Article 3: Yes 809* No 418

Article 4: Yes 786* No 139

Article 5: Yes 791* No 129

Article 6: Yes 699* No 223

Article 7: Yes 812* No 125

Article 8: Yes 717* No 196

Article 9: Yes 747* No 168

Article 10: Yes 775* No 140

Article 11: Yes 741* No 171

Article 12: Yes 748* No 169

March 13, 1992

Meeting opened by Moderator, Stephen J. C. Woods, at 7:32 p.m. Invocation given by the Rev. J. Bodine. The Colors and salute to the flag was presented by the Stratham Boy Scout Troop #185. Moderator Woods read the dedication of the 1991 Town Report in honor of David L. Gilbert who retired as Police Chief on September 1, 1991. Motion was made and seconded to accept the minutes of the 1991 Town Meeting. Vote in the affirmative.

Article 13. Budget. Motion was made to accept the budget of \$1,771,230 by Martin Wool and seconded by Terry Barnes. With the help of the overhead projector, Mr. Wool explained budgets for departments. The increase in payroll for all personnel at 2.5%, planning and zoning budget decreased due to the lack of development, increase in telephone budget because of added line in the Police department. Cemetery increase due to road improvement. Police to recondition cruiser for \$4,700.00, also have increases for added training. Fire Chief, Stan Walker, explained increase in that budget for new equipment such as gloves, mittens, and radios. The Library increase is because of added

hours. The vote on the budget without discussion was in the affirmative.

Moderator then read the results of Tuesday's Balloting.

Article 14: CIP. motion made by Terry Barnes to accept the CIP program at \$88,000.00, seconded by Graeme Mann. Barry Reed explained he works for Bell and Flynn and had tested the loader for the highway agent and felt that the present machine still was in good shape and had life left in it. Barbara Senko explained the computer program and how it would save them time and make their operation more efficient. Vote in the affirmative.

Article 15: Cruiser. Graeme Mann moved the motion, seconded by Martin Wool. Graeme explained reasons for purchasing a new car this year. The 1990 cruiser has very high mileage and the rotation of vehicles will avoid high mileage cars. Vote was in the affirmative.

Article 16: State Grants. Motion moved by Martin Wool, seconded by Graeme Mann. Mr. Wool explained that this article was in the warrant again because in the past the Library had not been included. This article would permit them to accept rare books or art. Vote in the affirmative.

Article 17: Increase Library Trustees from 3 to 5. Motion made by Alice Mansfield, seconded by Barbara Senko. Alice spoke in favor of the article explaining the duties of the Trustees and that added personnel would lighten the burden of so many duties. Vote in the affirmative.

Article 18: Lamprey Regional. W. Douglas Scamman, Jr. moved the motion, seconded by Graeme Mann. Doug explained that in 1996 the contract with UNH will run out. The Town committee is in support of the article. Vote in the affirmative.

Article 19: 1.5% non-profit agencies. Moderator declared the article illegal and would not authorize a vote.

Article 20: Cable TV Motion made by Graeme Mann. Graeme explained that the negotiations should start well in advance of the end of the contract. Also that it could be with the same company or a different one. Vote in the affirmative.

Article 21: Real Estate acquired by Tax Collector's deed. Motion made by Martin Wool seconded by Terry Barnes. Marty explained the article. Vote in the affirmative.

Article 22: 1% discount on property taxes. Terry Barnes made the motion, and it was seconded by Martin Wool. No discussion. Vote in the affirmative.

Article 23: TAN Motion made by Graeme Mann and seconded by Martin Wool. No discussion. Vote in the affirmative.

Article 24: Any Other Business. The following resolution was made by W. Douglas Scamman, Sr. and read by Moderator Woods. "Whereas on August 18, 1991, nature visited Stratham with one of the most devastating storms ever witnessed by man. All of us feel a great sympathy for the relatives and friends of the three people who lost their lives in this tragedy. It was also soon discovered that this freak of nature had raised havoc with the Stratham Hill Park (so-called) of which those of us raised and living here all or most of our

lives have been so proud. It has been written "that there is no great loss without some small gain" and it is to this subject that I address this resolution. Therefore, be it resolved that we, the Legislative body of the Town of Stratham, in Annual Meeting gathered, do hereby thank our Board of Selectmen and other Town Officials, and do hereby praise the quick and efficient manner they have faced this crisis. Closing the park, and consulting with forestry officials about how to handle the downed trees and planning the rehabilitation of the Area that had as its goal the ability to utilize this area for the coming season, was a display of good government of which all can be proud. After arranging for a visit by Governor Gregg, State help on roads quickly followed. Both State and Federal assistance followed that.

Therefore, let us hope that all citizens here assembled can join in sending to these people a big thank-you. Their efforts have been well done and will be appreciated by us as well as by generations as yet unborn." Vote in the affirmative. (Followed by a loud applause)

Martin Wool then thanked the budget committee for their work and the Boy Scouts for serving refreshments and for delivering the Town Reports. Mr Wool then introduced the new Police Chief, Michael Daley, to the audience. The Selectmen then explained the different projects going on at the Park and the projects that have been planned to be done. They estimated the park would reopen on Memorial Day.

Mr. Wool also advised the audience that there is no 911 system for Stratham residents and that the telephone numbers in the front of the Town Report are the emergency numbers residents should be using.

Lucy Smith made the following motion: To see if the town will have the polls open from 7 a.m. to 7 p.m. on election day. Walter Johnston seconded the motion. Vote in the affirmative.

Meeting adjourned at 9:20 p.m.

Respectfully submitted,

Joyce A. Rowe, Town Clerk-Tax Collector

STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 8 A.M. TO 7 P.M.

To the inhabitants of the Town of Stratham in the county of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Stratham Municipal Center on Tuesday, the ninth day of March, next at 8 of the clock in the forenoon to act upon the following subjects:

ARTICLE 1. To choose all necessary Town Officers for the year ensuing.

ARTICLE 2. Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board to the Stratham Zoning Ordinance as follows? Amend the Growth Control Ordinance (Section XIV) to revise the "findings" section (Section 14.3). The new "findings" section will read as follows:

14.3 FINDINGS

The Town hereby finds that:

- (a) The rate of population growth in the Town of Stratham has been among the fastest of any town in the immediate area, in Rockingham County, and the State of New Hampshire.
- (b) According to the US Census, Stratham is estimated to have grown by 97.6% between 1980 and 1990, whereas the six abutting communities of Exeter, Greenland, Hampton, Newfields, Newmarket and North Hampton have grown by an average of 14.9%, Rockingham County averaged 29.2%, and the State of New Hampshire averaged 20.5% during the same period.
- (c) The number of residential building permits (both single family and multi-family) has averaged 64 dwelling unit permits per year between 1985 and 1992.
- (d) Since the School's construction in 1989, the actual enrollment for the Memorial School has exceeded its initial projected enrollment for each school year by an average of 10.4%.

ARTICLE 3. Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board to the Stratham Zoning Ordinance as follows? Amend Section 7.2.1, by adding a new item (d) which will read as follows:

- (d) Real estate signs and contractor signs, as defined in Section II, do not need to obtain a permit as long as they comply with the provisions outlined in Section 7.3.

And amend Section II (Definitions) to add two new definitions which will read as follows:

Sign, Contractor's: A temporary sign advertising the contractor or development firm actively engaged in developing the site or parcel on which the sign is located.

Sign, Real estate: A temporary sign used by real estate organization to advertise the site or parcel on which the sign is located.

Adopting this article will require the recodifying of Section I as appropriate.

ARTICLE 4. Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board to the Stratham Zoning Ordinance as follows?

Amend the Table of Uses (Section 3.6) to allow adult uses as a special exception within the General Commercial District only. This will also involve amending the Definitions Section (Section II) to include a definition of what constitutes an adult use. Within the Table of Uses, the adult use listing will have a footnote (the fourth footnote of Section 3.6) next to it. At the bottom of the page, the footnote will read as follows:

4. Special Exceptions for Adult Uses. Adult uses shall satisfy all of the following criteria for a special exception:
 - a. No adult use shall be located within 1000 feet of the property line of a church, cemetery, school, day care center, or within 500 feet of the property line of a residence.
 - b. No sexually explicit material or advertising shall be visible from outside the building.
 - c. No private viewing rooms or booths shall be constructed unless one side is always open to a public central area.
 - d. No one under the age of 18 shall be permitted inside such a use and a procedure shall be developed to keep those under 18 from entering.

Under Section II, the definition of adult use will read as follows:

Adult Use: A business where more than 25% of the gross revenues, 25% or more of the stock in trade, or 25% or more of the goods or paraphernalia displayed are of a sexually oriented or sexually explicit nature. Such goods and paraphernalia include, but are not limited to, sexually explicit books, videos, or devices. Examples of adult uses include, but are not limited to, theaters or mini-motion picture displays where sexually explicit films or videos are shown, nude modeling studios, massage parlors, escort agencies or sexual encounter centers.

Adopting this article will require the recodifying of Section II and Section 3.6 as appropriate.

ARTICLE 5. Shall we rescind our adoption of RSA 466:30-a concerning dog control, as enacted in Article 9 at the March 13, 1979 Town Meeting, so that it will no longer be unlawful for a dog to run at large in this town; and shall we adopt the following ordinance in its place.

1993 DOG CONTROL ORDINANCE

- I. It shall be unlawful for any dog to be at large within the Town of Stratham.

- II. For the purposes of this ordinance, "at large" shall mean any time a dog is off the premises of the owner or keeper and not physically accompanied by its owner or custodian. "Accompanied" shall mean that the owner or custodian must be able to see and have command and/or control of the dog, except when the dog is being used for hunting or herding or is being trained for such use, the owner must be able to see and/or hear the dog and have reasonable knowledge of where the dog is hunting or herding.
- III. Any authorized person may seize, impound, or restrain any dog in violation of this ordinance and deliver said dog to a person or shelter authorized to board dogs. Such dogs shall be handled as strays or abandoned dogs pursuant to applicable laws.
- IV. In addition to impounding a dog found at large or in violation of this ordinance, any law enforcement officer or animal control officer may issue, in the name of the owner or keeper of such dog, a notice of violation. Such notice shall impose upon the owner or keeper of such dog a forfeiture of Ten Dollars (\$10.00), which must be paid to the Town Clerk of Stratham within Ninety Six (96) hours of the date and time notice is given, in full satisfaction of the assessed penalty. In the event such penalty is not paid to the Town Clerk within the time limitations specified, a summons shall be issued for appearance in district court and any person found guilty of violating the provisions of this ordinance shall be guilty of a violation and be fined not less than One Hundred Dollars (\$100.00).

THE FOLLOWING ARTICLES WILL BE VOTED ON FRIDAY, MARCH 12, 1993 AT 7:30 P.M. AT
THE STRATHAM MUNICIPAL CENTER, 10 BUNKER HILL AVE.

ARTICLE 6. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.

ARTICLE 7. To see if the Town will vote to raise and appropriate the sum of Two Hundred Twelve Thousand Five Hundred Dollars and no cents (\$212,500.00), to implement the Capital Improvements Program for 1993 as presented in the Town Report and approved by the Planning Board.

ARTICLE 8. By petition of William R. Krooss and twenty four others: To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars and no cents (\$1,000.00) to assist the New Hampshire Society for the Prevention of Cruelty to Animals (NH SPCA) in providing many services to the community to include: Sheltering and Adoption of Homeless Animals, Impoundment Facilities, Lost and Found Services, Educational Programs for school children, Assistance to Animal Control Officers, Public Information Service, Pet Therapy, and more.

ARTICLE 9. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Seven Hundred Eighty Eight Dollars and no cents (\$15,788.00), for the purpose of purchasing and equipping a new police cruiser.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars and no cents (\$200.00), to support the Seacoast Task Force on Family Violence, Inc., a non-profit corporation, d/b/a A Safe Place.

ARTICLE 11. To see if the Town will vote to authorize the Stratham Fair to construct a 16' X 32' structure at the Stratham Hill Park. Said structure is to be used as a small animal barn and is to be built at no cost to the Town.

ARTICLE 12. To see if the Town will vote to authorize the Board of Selectmen or the Wiggin Memorial Library Trustees to apply for, receive, and expend Federal and/or State grants which become available during the course of the year, in accordance with RSA 31:95-b and RSA 202-A as appropriate, and also to accept money and/or real or personal property from any governmental unit or private source and expend funds thus obtained for any purpose for which the Town may legally appropriate money.

ARTICLE 13. To see if the Town will vote to authorize the Selectmen to convey any real estate acquired by the Town by Tax Collector's deed. Such Conveyances shall be by deed following a public auction, or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require, pursuant to RSA 80:80.

ARTICLE 14. To see if the Town will vote to allow a One Percent (1%) discount on such property taxes as are paid in full within Fifteen (15) days from the day the tax warrant is committed to the Tax Collector, the date to be printed on the tax bill.

ARTICLE 15. To see if the Town will vote to allow the Selectmen to borrow money in anticipation of taxes.

ARTICLE 16. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this fifth day of February in the year of our Lord nineteen hundred and ninety three.

USE OF TOWN FACILITIES

OLD TOWN HALL - The property remains on the market. In the meantime, it was rented out the whole year, providing income while we await an upswing in the economy.

GIFFORD PROPERTY - This year we completed a major electrical upgrade of the house, and installed a fire alarm system connected to Newmarket Dispatch. The Olivers continue to maintain their residence and keep the property looking very good.

WIGGIN PUBLIC LIBRARY BUILDING - The Stratham Historical Society still occupies this building. Their activities are reported elsewhere in this Town Report.

WIGGIN MEMORIAL LIBRARY

1992 has been an active year for the library - more patrons have registered which has led to an increase in overall circulation. The library serves two elementary schools (Stratham Memorial and Cornerstone School), one pre-school as well as numerous home day care centers. More home schooling teachers and their students are making use of the library on a regular basis. Story hours for pre-school children are well-attended and over a hundred children took part in the summer reading program.

Passes to the Christa McAuliffe Planetarium in Concord were added to the other three already purchased. These include the Children's Museum in Portsmouth, the New England Aquarium and Museum of Science in Boston. These passes are available on a daily basis and each admits two adults and two children. Just call the library and reserve your choice in advance.

Preparations for computerization of the library are underway. Since June the staff, trustees, and faithful volunteers have been working on an inventory of all the library holdings which is the first step of the entire process. Early in January of 1993, the first shipment of 15,000 cards was sent to the software company for conversion to floppy disks. The inventory on the children's books is not yet complete, but those cards will be sent for conversion when the first shipment is returned. The estimates on hardware purchases needed have been received and with the additional capital improvement funds to be voted on during Town Meeting, the library will go "on-line" later this year.

The staff and trustees would like to thank the many dependable volunteers who help with shelving and filing on a regular basis which allows the staff more time for individual help for patrons. The donations of magazines and books by many of our patrons are appreciated. The support of its readers is what makes a library a service to the community.

STRATHAM HILL PARK ASSOCIATION REPORT

This year was a very busy year for the Park. It was a summer of re-construction and planting of young trees. With the devastation of the storm still fresh in our minds, it will take years for the memory to fade as it will take years for the trees to shade the hill. Both native hardwood and white pine were planted on the hill to give it a diverse mix. A yearly maintenance program on the trees will insure that only healthy and strong trees will grow.

Two pavilions were constructed to replace the ones that were destroyed by the storm. The larger one was dedicated to the three people that were killed during the storm and the smaller one to Richard Scamman, past president of the Park Association. In the near future, we plan to landscape around the pavilions using native shrubs and donated greenery. Other construction and rebuilding projects are too numerous to report, but I would like to express sincere thanks to Terry Barnes, Bill Jeralds and many others that have put in many hours into the park.

Future plans for the park include the repairing and repainting of the look out tower. It is our hope that we save this tower as its observation deck has the best view in town. On clear days you may see Mt. Washington to the north and the Monadnocks to the west.

In closing, I would like to extend an open invitation to join the Park Association. We meet on the forth Monday, of the odd month, at 8:30 p.m. in the Selectman's room.

Respectfully submitted,

Gordon L. Barker
Stratham Hill Park Association

STRATHAM POLICE DEPARTMENT REPORT

The Stratham Police Department had a very hectic and busy year during 1992. Along with my appointment as the new Chief of Police, Lt. Carl Spaulding was reassigned from court prosecutor to the position of Investigator to take over the duties of retiring Detective Richard Moreau. Officer Richard Wood was promoted to the rank of Corporal and took over the duties as Court Prosecutor. Officer David Schuppert moved up to Senior Patrolman and is responsible for the care and maintenance of the department's vehicles and equipment. Officer Fred Hoysradt was assigned the position of D.A.R.E. Officer and completed the necessary training to begin instructing the D.A.R.E. program one day a week at the Stratham Memorial School. Because of Detective Moreau's retirement and the resulting reassignment of duties, a patrolman's position had to be filled. For that one position, a total of 150 applications were received. After a hiring process of approximately two months, Robert E. Jordan, Jr. of Newmarket was hired as a full-time Patrolman bringing the Department back up to a full staff of 6 officers. In addition to all this in-house activity, the Department responded to 7,219 calls for service in 1992 compared to 6,308 calls for service in 1991. The calls for service have steadily increased since the addition of a sixth officer in 1987 and is at the point where we need to give consideration to the addition of a seventh full-time officer. A list of activity during 1992 is included with this report. In this list you will note that we had 36 calls for suspicious activity and 341 calls for police information. These calls are from people just like yourself. They saw something they thought was strange, so they called. We know that a lot of people see things in their neighborhood that bother them, but do not call because they are not sure they should. They think they would be bothering us over nothing. Well, I can tell you what you should do - call us. We would rather respond to a call that turns out to be nothing, than not be called and have someone's home or business broken into and they lose their personal property, or much worse someone loses their life. Again, please do not hesitate to call us.

I would like to take this opportunity to thank the members of the Stratham Police Association. Through their fund raising efforts, they raised enough money to purchase and donate to the Police Department twelve new semi-automatic pistols that all our officers now carry as their duty weapon. Previously, only full-time officers were supplied weapons by the Town. Part-time officers had to provide their own. This donation has helped reduce a great deal of liability that the taxpayers could be faced with. One of the Association's current projects is to help raise funding for the Department's D.A.R.E. program. Expenses for the program are estimated at approximately \$4,000 per session and we would like to do two sessions in 1993.

The members of the Department would like to thank the residents and taxpayers of the Town for their continued support and please remember we are here if you need us.

Respectfully submitted,

Michael J. Daley, Chief
For all the members of the Department

STRATHAM VOLUNTEER FIRE DEPARTMENT REPORT

1992 has been a quiet year, we haven't had any unusual disasters.

The Fire Department Training Program is continuing with in house training as well as out of town classes. The department members are urged to participate in any available training programs within reason. Our Fire Prevention program is still active.

We are able to make quite an impression with the younger students at most of the schools and day care's in town. Plans for 1993 are to update more of our prevention programs.

This past fall the equipment study committee has been looking at the reliability of our ambulance. We have looked at the expected life of the body and the cost of repairs. More importantly we have looked at reliability of the drive train and the electrical system. The vehicle has had some major important repairs that have effected the reliability. We do our best to keep all of the department vehicles in reliable condition, but we feel that the ambulance is reaching an age that it is becoming harder and more expensive to do this. Therefore, the department will be asking the Town to replace the ambulance.

I would like to thank our town organizations and departments for their cooperation this past year. Without this assistance it would only make things difficult. I would also like to thank our many fire fighters and their families for their patience and understanding of the difficult times we spend serving our town.

Respectfully submitted,

Ralph S. Walker, Jr. Fire Chief

OFFICE OF EMERGENCY MANAGEMENT

ANNUAL REPORT

Stratham's Office of Emergency Management focused renewed activity on plans, programs, and projects related to the environment in 1992. While natural disasters have continued to be the basis for much of our "Emergency Planning", it is recognized that threats to our community's environment are ever present and increasing.

In mid-year 1992, the Stratham Office of Emergency Management undertook the development of plans and activities to identify and quantify the potential sources of exposure, which may, on a gradual or catastrophic basis, present a threat to the health and safety of our Town's residents or our most valued resource, its ground water. Activities have included the updating of "Community Right to Know" documents, as required by Federal EPA - SARA Title III, as well as to work closely with State and local environmental agencies and groups.

It is our objective to prepare both pro-active and response plans which will not only enable an effective response to a catastrophic highway, rail, or industrial incident, but to avoid the insidious, gradual contamination of our Town's environment by mounting a diligent plan of monitoring and enforcement of both regulated and industry standards.

In 1993, we will seek broad involvement of not only the traditional emergency responders - our Fire, Rescue, and Police personnel, but other residents with unique qualifications and talents that will enhance the realization of these objectives.

Finally, we would like to acknowledge and congratulate each of the many volunteer and staff members of our Fire, Rescue, Police, and Emergency Management Departments that respond to each and every emergency and law enforcement incident, 24 hours each day of the year, to insure the safety and well-being of our Town and its residents. Such dedication and devotion earned these individuals, on behalf of the Town of Stratham, this Nation's highest award, the Federal Emergency Management Director's "Award of Excellence" in 1992. Only one other municipality in the United States received such recognition in this category and time period. Congratulations and "well done" to each of you.

Respectfully submitted,

Stephen H. Flink, Director
Office of Emergency Management

PUBLIC WORKS DEPARTMENT REPORT

As this report is being written, we are in the middle of a long Winter Season. This has put extra demands on our equipment and workers to keep the roads clear and passable. The problems we have in snow storms are bad enough without equipment breaking down. That is one reason why we need to ask for a new dump truck, equipped with plows and a hydraulic sander. Our old truck is a 1965 Mack and is pretty worn out.

In addition to the town roads we also maintain the town cemeteries, land-fill and town parking lots (Fire House, Municipal Building, and School).

In 1992 we paved the following roads: High Street, River Road, half of Willowbrook Avenue, Sandy Point Road, Marin Way Ext. in the Industrial Park, and Maple Lane Cemetery.

Our biggest project in 1992 was the rebuilding of Stratham Hill Park from the storm in 1991. New buildings we put in and trees replanted on the hill and around the park.

We also continued to patch the roads as necessary and build up the road shoulders as needed.

Our thanks to all of those who voted for us to purchase a new loader last year. It has worked out very well for us and made things easier to do.

Thanks for your cooperation last year and keep in touch. Our number at the shed is 772-5550.

Respectfully submitted,

Fred A. Hutton Jr., Highway Agent
Cameron Sewall
Russell Stevens
Donald Dubbs

SOLID WASTE COMMITTEE REPORT

The past year has brought rapid changes in the management of solid waste issues throughout the Seacoast region. The Committee has continued to meet over this period, with the primary objective of keeping ourselves informed about these changes. We are particularly interested in reviewing the alternative approaches taken by towns in the region to control the cost and flow of their solid waste.

Our recommendation to the citizens of Stratham is that the Committee continue in its mandate to identify solid waste solutions that are economical and environmentally sound. Two issues of particular importance to the Town have emerged over the past few months, and we recommend a committee be continued to review and study both.

First, a proposal has recently been delivered by Kimball Chase and Alternative Resources, Inc. to build a Materials Recovery Facility to serve the Lamprey Regional Cooperative. A committee should be reviewing this proposal and making recommendations to the town next year.

The second issue the Committee proposes to study is the recent recommendation by the Exeter Solid Waste Committee that the Town of Exeter institute a pay-per-bag policy. As this policy is initiated, we feel it is crucial that the Town of Stratham monitor the impacts, if any, on our waste stream.

The Committee feels that a number of key issues regarding Stratham's waste management policy will arise over the coming year. We recommend that the Town continue their Solid Waste Committee.

Committee Members:

Chris Duffy
Fay Rubin
John Sapienza
Barbara Senko

Respectfully submitted,

W. Douglas Scamman, Jr.
Chairman

LAMPREY REGIONAL SOLID WASTE COOPERATIVE

ANNUAL REPORT

The Lamprey Regional in 1992 had a very good year in that we were able to install energy saving equipment into our facility making the energy recovery facility more efficient and increasing the Cooperative revenue while saving the University of New Hampshire a significant amount of money. This is the third year we have been able to maintain our tipping fees at the 1989 levels. We are also building a reserve for future costs that may impact the Cooperative.

Also in 1992, we had an engineering study done relating to the possibility of the Lamprey Regional Solid Waste Cooperative building and running a Materials Recovery Facility. The study indicates that the MRF concept is technically feasible and economically viable. This has kept the whole Board of Directors very busy in 1992 and in 1993 many more decisions will have to be made about our future directions.

Respectfully,

Joseph Moriarty
Chairman
Board of Directors

TOWN OF STRATHAM LANDFILL REPORT

Our landfill closure plan proceeds with favorable results on water samples taken in November 1992. No hydrocarbons were detected, and metal content was acceptable and within limits. We still await approval by the State of our closure plan, but it appears that future closing costs will be reasonable and will not be a financial burden to the Town.

The transfer station works well, and user fees help offset the cost of operation, but by no means pay for it. Nevertheless, we have tried to strike a balance so our roads do not become a dumping ground for trash. Our metals recycling operation has generated a small amount of revenue, even with the cost of refrigerant removals.

New stickers for 1993 & 1994 are available at the Town Clerk's Office and at the landfill for \$2.00 each. Our practice of only opening on the second and fourth Saturday of each month from November to April helps control costs.

Leaves, brush, and trees under 5 inches in diameter continue to be received without a fee.

BUILDING INSPECTOR'S ACTIVITY REPORT

Respectfully submitted,

Ralph S. Walker Jr.
Building Inspector

RECYCLING COMMITTEE REPORT

Commitment and support of the recycling program continued during its fourth year. The number of volunteers and "volunteer families" has increased to more than 100. Separate containers for tin/steel cans have been added with the help of Waste Management. The total tonnage of Stratham's waste stream recycled grew from 185.16 to 196.76. The program saves money in two ways: by avoiding tipping (disposal) fees for this amount of waste, and by bringing in revenue from the sale of the separated glass, plastic, metals, and newsprint. It should also be remembered that recycling improves our quality of life in many more ways. Recycling results in reduced solid waste and overall lower levels of energy use and emissions from the manufacture of these materials. A breakdown of the numbers is given below:

Total material recycled:	196.76 tons
Total town waste picked up:	3636.14 tons
Percentage of town waste recycled:	5.41 %
 Tipping cost avoidance: 196.76 tons @ \$57/ton	 \$11,215.32
Revenue from sale of recyclables:	1,578.05
Total 1992 savings:	<u>\$12,793.37</u>
Less total 1992 cost of recycling (rental of bins, etc.)	<u>10,066.80</u>
 Net 1992 savings due to recycling:	 \$ 2,726.57

The Committee in 1992 worked on expanding community awareness of the program by a town-wide mailing. This mailing, and other mailings to only the volunteers who monitor the bins, have helped in making recycling easier for both the volunteers and the residents who participate. The volunteers who give up their time to monitor the bins deserve a special thanks. A strictly voluntary recycling program, such as the one we have in Stratham, relies on the dedication and commitment of everyone. Education and awareness will continue as a goal in 1993 through mailings and an awareness program at the bins planned for the celebration of Earth Day in Stratham.

The recycling meetings are open to everyone in town. If you cannot attend the meetings, but are interested in volunteering to monitor the bins for a 2½ hour shift, please contact the Town Offices. Thank you to everyone for your continuing support.

MOSQUITO CONTROL COMMISSION REPORT

Each spring the mosquito control crew begins the season with the enthusiasm and drive to improve over the previous summer. Certain variables make this task difficult such as the amount of snow or rain recorded during the year; average daily temperatures; the height and number of flood tides. Virtually the only factor controlled by the crew is their physical condition. Each season brings new challenges and 1992 was no exception.

The 1992 season is best described as the busiest we have ever experienced. The salt marshes were in need of spraying more frequently than in past seasons. Well timed rain falling in between the flood tides created a constant mosquito breeding pattern from April until September. The crew larvicided the marshes up to eight times during that period using a bacteria, Bacillus thuringiensis israelensis (Bti for short). The bacteria targets mosquito larvae yet is short lived when exposed to sunlight. As a result, re-application is necessary every week if more mosquito breeding is found.

This busy spray schedule not only burdens an already tight budget, but stresses the crew and equipment as well. Fortunately, constant maintenance keeps the backpack sprayers running and excellent physical endurance allows the crew to sustain the hectic pace.

Larviciding is a very demanding and time consuming part of mosquito control. Yet few people see this work because the crew is spraying in remote areas that border streams, rivers and Great Bay.

The crew begins checking stagnant water in April, often breaking the ice in search of larvae. The adult mosquito who bites us in late May or June must be sprayed in April or early May while in the aquatic larval stage. Please call the office if you would like the crew to check your wetlands for mosquito breeding. Mosquitoes only breed in stagnant water, but not all stagnant water will support mosquitoes. The crew will survey the site for mosquito activity. If no larvae are found, the spraying is not done.

Larviciding takes place during the day while adulticiding (controlling adult mosquitoes) is done at dusk or dawn when the wind is calm. Adulticiding is a supplement to the larviciding program. The insecticide resmethrin is used to control adult mosquitoes. Any resident who does not want their property sprayed must contact the Mosquito Control Department in April or May at 778-3906 or send your correspondence to P.O. Box 46, Stratham, NH. All requests will be honored.

When the crew wasn't spraying mosquitoes or maintaining overworked equipment, they were busy building new greenhead fly traps or fixing old traps. These black boxes, placed on salt marshes during the summer, control greenhead flies without insecticides. The flies are lured to the box by the color and location. Greenhead flies rest inside the trap and are unable to escape. They die of dehydration. Anyone who would like to construct their own trap should contact the Mosquito Control Department at 778-3906 for the design.

Any resident who does NOT want his/her property sprayed for larvae or adult mosquitoes must contact the Mosquito Control Department at 778-3906 or write P.O. Box 46, Stratham, NH. Please contact us every year.

Respectfully submitted,

Sarah MacGregor
Director
Mosquito Control Department

STRATHAM PLANNING BOARD REPORT

The Stratham Planning Board holds public hearings on the third Wednesday of each month and work sessions on the first Wednesday of each month when necessary. Interested citizens are encouraged and welcomed to attend these meetings.

In terms of new development within Stratham, 1992 was a moderately busy year for the Planning Board. There was an 18-lot subdivision approved along Depot Road, and a six lot subdivision at the corner of Union Road and Bunker Hill Avenue. The year of 1992 also saw the revitalization of the King's Highway Plaza, with several new stores moving in and some attractive new landscaping.

During the year, the Planning Board undertook two water related planning efforts. In May, Stratham received a \$10,000 grant from the NH Department of Environmental Services to prepare a Wellhead Protection Program for the town. The project will help to protect the Town's groundwater resources by managing existing potential pollution sources. The program is in its planning stages and will be implemented during 1993. The Board is also in the process of revising the Town's Water Resource Management and Protection Plan in order to obtain approval from the NH Office of State Planning. This project should be completed by the middle of 1993.

For the upcoming meeting, the Planning Board has prepared three changes to the Town's Zoning Ordinance. Proposals include: Revising the "findings" section of the Growth Control Ordinance to reflect the 1990 Census numbers and new data, adding a sign permit exemption for real estate signs and contractor signs, and establishing development provisions and restrictions for adult uses. Currently, the Town does not have any restrictions on adult uses proposed in Stratham.

For the coming year, the Planning Board will complete the projects described above, as well as review the Town's Master Plan with an eye towards revising the Plan in 1994. The Board will continue its participation in the "Circuit Planner" services offered by the Rockingham Planning Commission. The Board's "Circuit Planner" is Stephen Wallace, who provides the Board with professional planning assistance and has office hours at the Town Offices in the afternoon of the first and third Tuesdays of each month.

My thanks to everyone associated with the Board for their continued hard work and support throughout the past year.

Respectfully submitted,

Joseph Derwiecki, Chairman
Stratham Planning Board

STRATHAM CONSERVATION COMMISSION REPORT

The Conservation Commission was actively involved with the Planning Board in examining the Wedgestone proposed subdivision and providing input to insure a minimum impact on the wetlands before approval. The Commission also voiced its concerns on the many problems we saw as a potentially severe impact on wetlands, surface waters, and ground water after evaluating the proposal submitted by Shell Oil Company to construct a gas station, convenience store, and car wash adjacent to Parkman's Brook. Members of the Conservation Commission were involved in site walks and discussions on the proposal.

We had an informative meeting with Dori Wiggin on a review of Chapter 300 of the NH Code of Administrative Rules of NH Wetlands Board. The review covered the areas of involvement of Conservation Commissions.

The Commission spent considerable time in preparing a proposal for an Aquifer Protection District to delineate and prevent contamination of possible future public water supply. The district was established by a vote of the Town at its annual meeting.

The Conservation Commission and the Rockingham Planning Commission are presently involved in a Wellhead Protection Demonstration Project for Stratham. This project is a pilot study of some magnitude and is expected to be ongoing for at least a year or more.

Stratham Conservation Commission

RECREATION COMMISSION REPORT

MISSION STATEMENT: Stratham Recreation provides the residents of Stratham, NH the opportunity to participate in varied activities including, but not limited to, team athletics, individual athletics (i.e. aerobics, skiing), dances, special events, roller skating, etc. Stratham Recreation is dedicated to promoting fellowship, spirit, and good will in our community through the dedication of volunteers who organize these events, which are scheduled year round and are focused on a wide range of age groups.

Stratham Recreation Department would like to thank all the volunteers for the many hours of planning, coaching, refereeing, and field maintenance it takes to make all of our sports programs very successful. Thank you to Kevin and Debbie Thomas for their year of running the Recreation Department. They worked very hard with Jeff Hebert and a lot of volunteers and sponsors to make a new girl's softball field. The field was dedicated to Gail Binette for her dedication to the Stratham Recreation Department for many years of volunteer service.

We would like to share with the town the number of kids who support the sports programs:

Soccer: 6-14 yrs., boys & girls - 365

Stratham has travelling teams who play teams state-wide. Our under 12 boys team was second place in the '92 States.

Basketball: 7-12 yrs., boys & girls - 208

Stratham has travelling teams that play state-wide.

Baseball: 7-14 yrs., boys & girls - 290
T-Ball 6 yrs., boys & girls - 50

Softball: 7-16 yrs., girls - 160

"Congratulations" to the Stratham Wildcats for bringing home Stratham's first "State Championship". The girls (14 & under) ASA fast pitch team defeated teams from around the State in Rochester in July, 1992, to capture the title. 1992's girl's softball program provided fun and competition for 160 girl's between 7-16 yrs.

Recreation Commission

STRATHAM HISTORICAL SOCIETY REPORT

The Stratham Historical Society, located in the Wiggin Public Library Building, on the corner of Portsmouth Avenue and Winnicutt Road, is open 9-11:30 AM on Tuesdays, 2-4 PM on Thursdays, and the first Sunday of each month, and by appointment. Program meetings are held on the second Monday of alternate months, as needed. The public is welcome at all meetings of the Society.

Since moving to the building, the Society has funded the installation of a security and fire alarm system for the premises. We have ultra-violet inhibiting coatings applied to the windows, to further protect the collections.

We applied for and received a grant from the Institute of Museum Services for an on-site assessment of the building and our policies and procedures and goals. This assessment was done in October. The report may be seen at the SHS by anyone interested.

This past year, programs have included a cemetery preservation discussion led by an expert in that field and archaeological presentations by State Archaeologist, Gary Hume. The Society, in cooperation with the State, participated in a dig at the early Andrew Wiggin settlement in Stratham and received a certificate of appreciation for our efforts. This project is on-going, and we expect to be "digging" again this year.

Our Christmas Open House was well attended. Approximately 75 people enjoyed the exhibits, music and food.

We sent two members to a workshop dealing with curatorial procedures. We continue to have good communications with the State Historical Society, and the other local societies.

We wish to thank everyone for the strong support the Society has received. We hope to see you soon!

Respectfully submitted,

Barbara K. Mann
President

REPORT ON EXAMINATION OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 1991

I. R. Lebel

CERTIFIED PUBLIC ACCOUNTANT

54 COURT STREET - PORTSMOUTH, NEW HAMPSHIRE 03801
603 436-8110

Board of Selectmen
Town of Stratham
Stratham, NH 03885

We have audited the combined financial statements of the Town of Stratham, New Hampshire, and its combining and individual fund financial statements as of and for the year ended December 31, 1991. In planning and performing our audit, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, and not to provide assurance on the internal control structure. However, we did not note any matters involving the internal control structure and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control system that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not disclose all reportable conditions that are also considered to be material weaknesses as defined above.

This report is intended solely for the information and use of the Board of Selectmen, Officers, and management. This restriction is not intended to limit the distribution of this report which, upon acceptance, is a matter of public record.

I. R. Lebel
Certified Public Accountant

INDEPENDENT AUDITOR'S REPORT

Board of Selectmen
Town of Stratham
Stratham, NH 03885

I have audited the accompanying combined financial statements of the Town of Stratham as of and for the year ended December 31, 1991, as listed in the table of contents. These financial statements are the responsibility of the Town's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

The Town has not maintained a record of its general fixed assets and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not presented in the financial report.

In my opinion, the combined financial statements referred to above present fairly the financial position of the Town of Stratham at December 31, 1991, and the results of its operations and the changes in financial position of its proprietary fund types and similar Trust Funds for the year then ended, in conformity with generally accepted accounting principles. Also, in my opinion, the combining and individual fund financial statements referred to above present fairly the financial position of the individual funds of the Town of Stratham at December 31, 1991, their results of operations, and the changes in financial position of individual proprietary funds for the year then ended, in conformity with generally accepted accounting principles.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1991

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fund Accounting

The diverse nature of governmental operations and the necessity of determining compliance with legal provisions requires modification of accounting systems commonly used by commercial enterprises. Rather than establishing a single unified set of accounts to record and summarize all financial transactions, the accounts of the Town are organized on the basis of funds, each of which is considered a separate entity with self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures, including obligations and transfers. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, as follows:

Governmental Funds

General Fund - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes.

Fiduciary Funds

Trust & Agency Funds - Trust & Agency Funds are used to account for assets held by the Town in a trustee capacity or as an agent for other governmental units. These include Expendable Trusts, Non-expendable Trusts, and Agency Funds. Non-expendable Trusts are accounted for in essentially the same manner as proprietary funds, while Expendable Trusts are accounted for similar to governmental funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

TOWN OF STRATHAM, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS (CONT'D)
DECEMBER 31, 1991

Basis of Accounting (Cont'd)

All governmental funds and Expendable Trust Funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Taxpayer-assessed income, gross receipts, and sales taxes are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at that time. Anticipated refunds of such taxes are recorded as liabilities and reductions of revenue when they are measurable and their validity seems certain. Property tax revenue is measured in the year levied.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) accumulated unpaid vacation, sick pay, and other employee amounts which are not accrued; and (2) principal and interest on general long-term debt which is recognized when due.

All proprietary funds and Non-expendable Trust and Pension Trust Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred.

Fixed Assets

The Town does not maintain a record of its general fixed assets and accordingly a statement of general fixed assets required by generally accepted accounting principles is not presented in the financial statements.

2. TOTAL COLUMNS ON COMBINED STATEMENTS - OVERVIEW

Total columns on the Combined Statements - Overview are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTES TO FINANCIAL STATEMENTS (CONT'D)
DECEMBER 31, 1991

3. APPROPRIATED FUND BALANCE

The balance in the general fund account, appropriated fund balance, represents unexpended sums for current and previous years' special appropriations for the following purposes:

1989	Monitoring wells	\$ 7,450
1987	Town center road study	10,000
1986	Town-wide water study	9,189
1986	Traffic study	6,544
1989	Highway garage	511
1990	Route 101 widening	20,000
1991	Route 101 widening	20,000
1991	Underground tank	3,319
1991	3/4 Ton pickup	2,279
1991	Library roof	220
		<u>\$79,512</u>

4. RECONCILIATION OF BUDGET AS APPROVED AT TOWN MEETING TO GAAP BASIS BUDGET

Total appropriations approved - Town Meeting	\$7,654,057
Add: Prior years' appropriations expended	
Monitoring wells	12,550
Highway garage	700
Less: 1991 Appropriations carried forward	
Route 101 widening	(20,000)
Underground tank	(3,319)
3/4 Ton pickup	(2,279)
Library roof	(220)
	<u>\$7,641,489)</u>

Included in Audit Report as:

Budgeted Expenditures	\$7,577,942
Operating transfers-out	63,547
	<u>\$7,641,489</u>

TOWN OF STRATHAM, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS (CONT'D)
DECEMBER 31, 1991

5. CASH AND INVESTMENTS

RSA 48:16 requires that all funds belonging to the Town shall be deposited in solvent banks within the State, except funds may be deposited in banks outside the State if such banks pledge and deliver collateral to the State treasurer of equal value as the funds deposited. There is no requirement of an in-State bank to collateralize deposits in excess of FDIC insurance.

The Town's cash deposits and investments at December 31, 1991, are categorized by maturity date and by the level of risk assumed by the Town. The risk categories are defined as follows:

- (1) Insured or collateralized with securities held by the Town or its agent in the Town's name;
- (2) Collateralized with securities held by the pledging financial institution's trust department or agent in the Town's name;
- (3) Uncollateralized or uninsured for which securities are held by the financial institution's trust department or agent but not in the Town's name.

At December 31, 1991, the Town's deposits and investments consisted of the following:

	<u>Categories</u>			<u>Balance</u>
	<u>1</u>	<u>2</u>	<u>3</u>	
Demand deposits	\$396,998	-0-	\$1,398,314	\$1,795,312
Securities	<u>-0-</u>	<u>-0-</u>	<u>134,298</u>	<u>134,298</u>
	<u>\$396,998</u>	<u>-0-</u>	<u>\$1,532,612</u>	<u>\$1,929,610</u>

6. EMPLOYEE BENEFITS AND COMPENSATED ABSENCES

Police Department employees are eligible to participate in the State of New Hampshire Police Retirement system on a shared cost basis, which is recorded when earned.

7. LONG-TERM DEBT

The Town in 1991 assumed the balance due on the old school building which is now the New Town Municipal Complex. Remaining payments due:

\$37,000	January 17, 1992
<u>37,000</u>	January 17, 1993
<u>\$74,000</u>	

Payments to include interest at 7.3%.

INDEPENDENT AUDITOR'S REPORT ON SCHEDULE OF
FEDERAL FINANCIAL ASSISTANCE

Board of Selectmen
Town of Stratham
Stratham, NH 03885

I have audited the general purpose financial statements of the Town of Stratham for the year ended December 31, 1991, and have issued my report thereon dated August 4, 1992. These general purpose financial statements are the responsibility of the Town's management. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards and Government Auditing Standards issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-102. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit in accordance with these standards includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

My audit was made for the purpose of forming an opinion on the general purpose financial statements of the Town of Stratham taken as a whole. The accompanying schedule of federal financial assistance is presented for purposes of additional analysis and is not a required part of the general purpose financial statements. The information in that schedule has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in my opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
LAWS AND REGULATIONS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS ISSUED BY THE GAO

To the Board of Selectmen
Town of Stratham
Stratham, NH 03885

I have audited the financial statements of the Town of Stratham as of and for the year ended December 31, 1991, and have issued my report thereon dated August 4, 1992.

I conducted my audit in accordance with generally accepted auditing standards and Government Auditing Standards issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-102. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to the Town of Stratham is the responsibility of the Town's management. As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, I performed tests of the Town's compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a material effect on the financial statements.

The results of my tests indicate that, with respect to the items tested, the Town of Stratham complied, in all material respects, with the provisions of laws and regulations, noncompliance with which could have a material effect on the financial statements. With respect to items not tested, nothing came to my attention that caused me to believe that the Town of Stratham had not complied, in all material respects, with those provisions.

Portsmouth, NH
August 4, 1992

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROLS
(ACCOUNTING AND ADMINISTRATIVE)-- BASED ON A STUDY
AND EVALUATION MADE AS A PART OF AN AUDIT OF THE
GENERAL PURPOSE FINANCIAL STATEMENTS AND THE
ADDITIONAL TESTS REQUIRED BY THE SINGLE AUDIT ACT

To the Board of Selectmen
Town of Stratham
Stratham, NH 03885

I have audited the general purpose financial statements of the Town of Stratham for the year ended December 31, 1991, and have issued my report thereon dated August 4, 1992. As part of my audit, I made a study and evaluation of the internal control systems, including applicable internal administrative controls used in administering federal financial assistance programs, to the extent I considered necessary to evaluate the systems as required by generally accepted auditing standards, Government Auditing Standards issued by the Comptroller General of the United States, the Single Audit Act of 1984, and the provisions of OMB Circular A-102, "Grants and Cooperative Agreements with State and Local Governments." For the purpose of this report, I have classified the significant internal accounting and administrative controls used in administering federal financial assistance programs in the following categories:

(A) Accounting Controls:

Cash
Receivables
Payables and accrued liabilities
Billing
Cash receipts and disbursements
Indirect cost allocation
Payroll

(B) Administrative Controls

Davis-Bacon Act
Civil Rights
Federal Financial Reports
Matching Levels
Political Activities

The management of the Town of Stratham is responsible for establishing and maintaining internal control systems used in administering federal financial assistance programs. In fulfilling that responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of internal control systems used in administering federal financial assistance programs are to provide management with reasonable, but not absolute, assurance that, with respect to federal financial assistance programs, resource use is consistent with laws, regulations, and policies; resources are safeguarded against waste, loss, and misuse; and reliable data are obtained, maintained, and fairly disclosed in reports.

Because of inherent limitations in any system of internal accounting and administrative controls used in administering federal financial assistance programs, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the systems to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

With respect to the internal control systems used solely in administering the nonmajor federal financial assistance programs of the Town of Stratham, my study and evaluation was limited to a preliminary review of the systems to obtain an understanding of the control environment and the flow of transactions through the accounting system. My study and evaluation of the internal control systems used solely in administering the nonmajor federal financial assistance programs of the Town of Stratham did not extend beyond this preliminary review phase.

My study and evaluation was more limited than would be necessary to express an opinion on the internal control systems used in administering the federal financial assistance programs of the Town of Stratham. Accordingly, I do not express an opinion on the internal control systems used in administering the federal financial assistance programs of the Town of Stratham. However, my study and evaluation and my examination did not disclose any condition that I believe to be a material weakness.

A handwritten signature in dark ink, appearing to read "W. J. [unclear]", is located in the middle right portion of the page.

School Board of Stratham NH

SCHOOL DISTRICT WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of Stratham, qualified to vote in Town Affairs:

You are hereby notified to meet at the Stratham Memorial School in said District on the fifth day of March, 1993, at seven o'clock in the evening to act on the following subjects:

1. To hear the reports of Agents, Auditors, Committees, or Officers hereto chosen and pass any vote relating thereto.
2. To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from any source which becomes available during the fiscal year. Said money must be used for legal purposes for which the School District may appropriate money; requires a public hearing on the action to be taken; must not require the expenditure of other School District funds.
3. To see if the School District will vote to create an expendable general fund trust fund under the provisions of RSA 198:20-C, to be known as the Tuition Fund, for the purpose of paying additional tuition monies owed to Exeter under the debit clause of the AREA agreement. Furthermore, to name the School Board as agents to expend, and to raise and appropriate up to forty-eight thousand five hundred dollars (\$48,500) from surplus, and authorize the use/transfer of up to forty-eight thousand five hundred dollars (\$48,500) of the June 30, 1993 fund balance for this purpose.
4. To see if the District will vote to create a Contingency fund under the provisions of NHRSA 198:4-b. Such fund to meet the cost of unanticipated expenses that may arise during the year. A detailed report of all expenditures from the fund shall be made annually by the school board and published with their report. Furthermore, to name the school board as agents to expend and to raise and appropriate the sum of fifty thousand dollars (\$50,000) toward this purpose.
5. To see if the District will vote to raise and appropriate the sum of twenty-five thousand (\$25,000) dollars for the purpose of developing a five year master plan for the Stratham School District. (Said money to be used to contract with a qualified educational consulting firm to develop and conduct appropriate activities associated with development of such a plan. Findings of the study to be reported to the 1994 Annual District Meeting.)

6. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of school district officials and agents, and for the payment of the statutory obligations of the District.
7. By petition: To see if the district will vote to expand the Stratham School Board from the present 3 to 5 members, said change to take effect in the March 1994 school district election, with the result that 3 board members will be elected at the March 1994 annual election, 2 to serve 3 year terms, and 1 to serve a 2 year term.
8. To choose Agents, Auditors, and Committees in relation to any subject embraced in this Warrant.
9. To transact any other business which may legally come before this meeting.

Given under our hands at said Stratham this _____ day of February, 1993.

Stratham School Board
Stratham School District
Stratham, New Hampshire 03885

To the School Board:

We have audited the financial statements of Stratham School District for the year ended June 30, 1992, and have issued our report thereon dated August 25, 1992. As a part of our audit, we reviewed and tested the School District's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable but not absolute assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by those managing the Stratham School District affairs.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or any other of several factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented intentionally by those managing the Stratham School District affairs with respect to the estimates and judgments required in the preparation of financial statements.

Further projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the Stratham School District system of internal accounting control for the year ended June 30, 1992, which was made for the purpose set forth in the first paragraph above, would not necessarily disclose all weaknesses in the system. However, such study and evaluation disclosed the following conditions that we believe should be corrected as soon as possible.

STRATHAM SCHOOL DISTRICT

Internal Accounting Control Recommendations

For the Year Ended June 30, 1992

PREVIOUS RECOMMENDATIONS

Property and Equipment (School Board, District Office)

The School District does not maintain records of general fixed assets as a matter of policy. Such assets would consist of such items as: land, buildings, furniture and fixtures, equipment, vehicles, etc. The recording of fixed assets fulfills the stewardship needs to provide for physical and dollar value control, and establishes accountability for capital expenditures over the years.

With the recording of fixed assets, the related depreciation could be determined on an annual basis for the purpose of measuring total costs of the School District's services and evaluating the efficiency of programs. This would be particularly true with the food service fund. In addition, there has been an increasing trend in government grants which consider depreciation as a reimbursable cost.

Financial Institution Deposits (School Board)

The amount of insurance coverage provided by the FDIC on deposits at banking institutions has recently changed. The District should investigate the extent of their coverage and seek to obtain any additional insurance via other means. As many deposits are now insured in the aggregate up to only \$100,000.00, the District could have a great deal of exposure when all the funds are considered.

Surety Bonds (School Board, Lunch Fund, Activities Fund)

The District is not carrying Fidelity Bond coverage for the Lunch or Activity Fund Administrators. Also, the coverage provided for the District Treasurer may not be adequate. We recommend a review of the District Treasurer's coverage as well as coverage for the Lunch and Activity Fund Directors.

Short Term Investment of Funds (Treasurer, School Board)

At various times during the year, the District's checking account balance in the General Fund can exceed the normal amount needed to sustain operations. We noted that at one point in the year, the bank balance was in excess of \$620,000. We recommend that the District officials investigate the investment of this money in short term securities so as to maximize the District's return on the money it is holding.

Internal Accounting Control Recommendations

For the Year Ended June 30, 1992

ADDITIONAL RECOMMENDATIONS

General Fund (Treasurer, School Board, District Office)

Disbursements

The District currently has a purchase order system in place. However, the system does not encompass all disbursements. We would encourage the District to adopt a policy to require purchase orders for all acquisitions over a set minimum. The present system does not seem to require purchase orders for services such as special education tuition or services. There are times when these invoices are paid without a requisite approval for payment being evident on the invoice. Also, without a purchase order attached which is properly approved, there is no written documentation to support the authorization to provide the services. In order for the purchase order system to function properly, it should provide the following:

- A. Purchase order signed by the principal or other designated individual.
- B. Approval by assistant superintendent.
- C. Written acknowledgement (signature) indicating goods or services were provided.
- D. Signature approving payment.

District Meeting Minutes (School Board)

During the fiscal year ended June 30, 1992, there was a revision to the school bus transportation contract in effect. However, we could find no documentation of that agreement or Board vote authorizing the amendment. Amendments to contracts of this nature should be voted on and noted in the Board's minutes.

Internal Accounting Control Recommendations

For the Year Ended June 30, 1992

We feel very strongly that the institution of the above outlined procedures will lead to more reliable and responsible financial reporting. With government funding being as it is, we know how important reliable financial reporting can be.

We would like to thank everyone involved with the audit for their help and cooperation.

If you have any questions regarding the audit or if we may be of further assistance, please do not hesitate to contact us.

Very truly yours,

GIORDANI, LORTIE, & CARIGNAN, PROF. ASSN.

Benefits: Under the terms outlined in the Teachers' Master Contract, teachers are eligible for medical insurance (single, two person, or family), dental insurance (one person), plus life and disability insurance. Current fiscal year costs are as follows: Medical, \$1,843.08 single, \$3,686.04 two person, \$4,976.16 family. Dental, \$312.60 one person. Life, \$54.00. Disability is based on .0035 of teacher's contract amount. Benefits are pro-rated for part time professional staff.

Full time (52 week) support staff are eligible for medical and dental insurance. School year support staff members do not receive paid insurance benefits.

REPORT OF THE SAU 16 ADMINISTRATION

MARCH 1993

William J. Clancy, Superintendent
Kathleen M. Lynch, Assistant Superintendent
John H. Moody, Assistant Superintendent

In July, 1992, the SAU welcomed John H. Moody as a new Assistant Superintendent with primary responsibilities in Kensington and Stratham.

Robert Teel was appointed to the principalship of the Kensington Elementary School, and the process to fill the principalship vacancy at Stratham Memorial School may have been completed by Annual School District Meeting time.

The science department addition at EAHS has been completed, and the facility has been in use since February 1993. This is the first project authorized and completed under the amended AREA Agreement.

The Exeter Main Street School addition and renovation will be completed for use in September 1993. Main Street School will serve Kindergarten, Grade 1 and Grade 2 while students in Grades 3 to 5 will attend Lincoln Street School.

A revised Social Studies curriculum was approved for Grade K thru 6 in the SAU #16 schools. This revision is a part of the review of elementary programs conducted by SAU teachers and administration on a rotating basis.

Teacher negotiations have been completed in Brentwood, Exeter and Newfields. At the time of this report, East Kingston's teacher negotiations are continuing.

SAU #16 member districts have been provided with technical assistance and training in several areas of federal mandates. These include the Americans with Disabilities Act, Section 504, and special education mandates. SAU #16 also arranged for reinspection of school buildings in member towns to insure compliance with federal asbestos requirements.

Stratham Memorial School Annual Report

The 1992-93 school year at Stratham Memorial School is one that illustrated growth. In September, the doors of SMS opened with forty-six new additional students. Many of the children entered grades K-2. In addition to our new students in September, each quarter SMS encounters new families registering to join our school.

This year a Student Council committee was formed with our fifth and sixth grade students. An election was held in the fall appointing sixteen members. Each week, the committee meets with the school counselor and administration to discuss ideas and concerns that influence SMS. The committee plans monthly "spirit" days to encourage school spirit and enthusiasm. The student group has also reached out into the communities and has worked closely with the Stratham 76'ers and the Exeter Senior Center. Our future outlook is that more activities between SMS and the Stratham senior citizens can be planned to bring the groups together for mutual interests.

The Stratham 2000 committee, appointed by the School Board, spent time to review the educational interests of parents and community members. The committee collected the survey that was completed on Election Day and reported that "the strong response of those who do not have children in the system shows that education is a priority to all. The very high evaluation of SMS is a tribute to all the staff, volunteers, parents and students involved."

The committee will continue to meet and assist the administration, staff and school board in making educational preparations for the students of Stratham to enter the year 2000.

The volunteer coordinators have worked diligently to have Stratham Memorial School recognized as a Blue Ribbon Award School with the New Hampshire Partners in Education. As always, Stratham Memorial students and staff continue to benefit from the numerous hours volunteers contribute to the educational process. From our parents who spend countless hours in the classroom to our volunteers who present an interest topic on Enrichment Day to our volunteers who work at home, we thank you! Your time and energy are surely appreciated and definitely irreplaceable!

On behalf of the Stratham Memorial staff, I thank the community for their support and interest in the students of the Memorial School. With this continuous loyalty to the educational process, the children of Stratham will be prepared for the challenges in the future.

Respectfully Submitted,

Kirk D. Johnson
Acting Principal

STRATHAM ANNUAL SCHOOL DISTRICT MEETING

March 6, 1992

The annual School District Meeting of the School District was held at the Stratham Memorial School gymnasium on March 6, 1992 with approximately 200 people in attendance.

The meeting was called to order at 7:00 P. M. by Moderator, W. Douglas Scamman, Jr.. The Moderator asked Kevin Sexton to give Invocation. The Moderator then proceeded by reading Article I.

ARTICLE I: To hear the reports of Agents, Auditors, Committees, or Officers hereto chosen and pass any vote relating thereto.

The Moderator said that he was aware of two reports to be read at the appropriate time and asked if there were any additional reports to be read. There were none.

ARTICLE II: To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from any source which becomes available during the fiscal year. Said money must be used for legal purposes for which the School District may appropriate money; requires a public hearing on the action to be taken; must not require the expenditure of other School District funds.

The Article was moved by David Barr and seconded by Susan Canada.

The Moderator recognized Mr. Barr who read an amended motion to Article II and then moved to amend Article II as follows:

Shall the school district accept the provisions of RSA 198:20-b providing that any school district at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the school board to apply for, accept and expend, without further action by the school district, money from a state, federal or other governmental unit or a private source which becomes available during the fiscal year?

It was seconded by Susan Canada.

Mr. Barr explained the advantage of amending the Article. There was no other discussion.

The motion passed by a voice vote.

Mr. Barr explained that by adopting this Article it would not have to be brought up for an annual vote as it had in the past. We would still have the option to rescind it at a future time if we choose to do so.

The motion passed by a voice vote.

The Moderator read Article III.

ARTICLE III: To see if the District will vote to raise and appropriate the sum of thirty five thousand dollars (\$35,000) for the purpose of developing plans for a secondary school in the Stratham School District as recommended by the Stratham School District Space Needs Committee.

The Moderator recognized Mr. Ed Gronbeck, Chairman of the Space Needs Committee. Mr. Gronbeck named all the members on the Committee and he then yield to member Liz Gobin. Mrs. Gobin explained the population figures and growth projections to the year 2000. She yield to Mr. Gronbeck.

Mr. Gronbeck discussed the present building and the needs through 1998. He reported the projected costs by the Committee. He reported that the Committee looked into housing grades 1-8 in Stratham because of crowding at Exeter Jr. High. Exeter said they would move their sixth grade out of the Jr. High to accommodate the seventh and eighth graders. He yield to Mike Maskwa.

Mr. Maskwa reported on discussions with Portsmouth Schools as a fact finding mission, not in turns of any negotiations. He stated that tuition costs are significantly higher at Portsmouth than Exeter but would come down and be comparable if there was an increase of students. Portsmouth is at 50% capacity and there would be no future capital expenses. Their Jr. High had no room available, therefore, the Committee decided to look into our own facility.

Mr. Maskwa yield to Mr. Grombeck who called Aidan Barry to discuss building costs. He went over the list of needs for a school population at the Jr./Sr. High School level and showed estimates to put up a school building.

He yield to David Canada who discussed the visits made to schools with small populations, and he explained a projected budget for the 1994-1995 year of a Jr./Sr. High School.

He yield to Mr. Gronbeck. Mr. Gronbeck did a comparison of projections between Exeter and Stratham's own school over the next eight years. He reported that the Committee recommended that the School Board hire professionals to look further into these figures.

The Moderator asked if there were any questions. There reread Article III. Mr. Geppner moved and Mr. Barr seconded it.

The Moderator yield to Mr. Geppner who reported that the School Board supported the Article. He explained the \$35,000 would cover site engineer and architectural design, curriculum and population projections.

The Moderator recognized Peter Darling who asked where the \$35,000 figure came from.

Mr. Geppner said it was based on consultations and he believed that it would be enough for a comprehensive study. If it is inadequate, will look for other avenues to operate within the budget.

The Moderator recognized Heidi Shealy who was not in favor of this Article because it was premature. She stated that the number of children was not large enough. She did comparisons of school districts that were not happy with small schools. She also felt it was the job for the superintendent to do.

The Moderator recognized Jim Stuart who said he always supported the School Board but this time he didn't and explained his reasons.

The Moderator recognized Mr. Gronbeck felt this study would always have a value. He said sooner or later it has to be done.

The Moderator recognized Doug Scamman, Sr. who apposed the Article. He spoke about the 90 day clause that we have to formally withdraw from SAU#16 or else be responsible for full share on Exeter's Bond.

The Moderator recognized Lou Gargiulo who spoke against the Article because it was not in the best interest of the children.

The Moderator recognized Jim Scamman who felt we shouldn't waste the money and should continue to work closer with Exeter.

The Moderator recognized Aidan Barry who talked about this as an opportunity to look at the long term professionally. It doesn't mean that we are breaking with Exeter. He talked about the two additional bonds Exeter will propose over the next four years in addition to the one this year. The \$35,000 will be used to explore sites, schools and curriculum giving long term figures and what kinds of programs.

The Moderator recognized Mr. Canada who believed that smaller can be better with the studies that were done by the Committee. He said that there could be a savings over a short period of time if this study proved correct.

The Moderator recognized Ken Lanzillo who apposed the Article and supported Heidi Shealy's statements. He cited the previous Coop Committee and other studies done in the past. He believed we need at least 800 students for a viable program. He asked that the study be put aside for now.

The Moderator recognized Mr. Geppner. He stated that everyone has a valid point. This would be a feasibility study not a vote against Exeter. At the end of the century, Exeter will be out of space. Exeter wants to know where Stratham is headed. This will help in the long range planning to the end of the decade. Everyone wants to know where we are going.

The Moderator recognized Marge Mitchell who spoke in favor of the Article. She believed that while we still have options, we should take the time to look at them.

The Moderator recognized Kevin Sexton. He felt we owed Exeter a firm decision. He is in favor of study.

The Moderator recognized Kevin Thomas who asked if funds would be used to consider Portsmouth again.

The Moderator recognized Mr. Barr. He stated that he was not ready to support a high school right now. He pointed out that it costs under \$2 million to go to Exeter now but by the year 2000 it will be \$5 million without any growth in population.

The Moderator recognized George Rubin. He pointed out that the state revenues have been cut for towns. The tax base is eroding in Stratham. He asked that we keep this in mind.

The Moderator recognized Gil Gelineau who spoke against this Article. He didn't think the numbers were there and felt that any study now would be invalid when the time comes.

The Moderator recognized Betty Hamilton who asked about population figures after 1998.

Mr. Barr stated that was on all the children born to date. He didn't want to project figures on unborn children.

The Moderator explained the vote.

It was defeated by a voice vote.

The Moderator thanked the Committee for the worked they had done.

The Moderator read Article IV.

ARTICLE IV: To see if the District will vote to approve the cost items included in the collective bargaining agreement reached between the

Stratham School Board and the Stratham Teacher Association which calls for the following increases in salaries and benefits:

Year	Percentage	Estimated Amount
1992-93	- .34%	\$ -5,754
1993-94	2.96%	\$ 43,778

It was moved by Susan Canada and seconded by David Barr.

The Moderator recognized Mr. Barr. Mr. Barr went over the contract negotiations with the teachers reaching an agreement in January. He explained the savings on the first year due to the change of health care insurance. Salaries are based on a pay scale for experience and degrees. There will be no change in the salary scale for two years. Salaries have to be a separate article for a multi-year contract because of state law. It has to be approved in the first year of the contracts.

The Moderator recognized Mr. Canada. He asked for a different format to explain the salaries in the future because he didn't feel this was clear enough.

The Moderator explained the motion.

It was passed by a voice vote.

The Moderator read Article V.

ARTICLE V: To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of school district officials and agents, and for the payment of the statutory obligations of the District.

The Moderator recognized Mr. Barr.

Mr. Barr moved to raise \$5,837,842.

It was seconded by Susan Canada.

The Moderator recognized Mr. Barr. Mr. Barr went over the budget. He said it represented a 2.76% increase with no new programs. He went over each line item and explained the costs.

The Moderator asked if there were any questions.

The Moderator recognized Mr. Sexton, member of the Budget Committee. He reported that the Committee supported this budget.

It passed by a voice vote.

The Moderator read Article VI.

ARTICLE VI: To see if the District will vote to create a Contingency fund under the provisions of NHRSA 198:4-b. Such fund to meet the cost of unanticipated expenses that may arise during the year. A detailed report of all expenditures from the fund shall be made annually by the school board and published with their report. Furthermore, to name the school board as agents to expend and to raise and appropriate the sum of twenty five thousand dollars (\$25,000) toward this purpose.

It was moved by Mr. Geppner and seconded by Mrs. Canada.

The Moderator recognized Mr. Geppner. He explained that the budget was less than a percentage point of the proposed amount last year. He felt that was very close. This Article was asking for $\frac{1}{2}\%$ of the budget amount to be added for unforeseen circumstances.

There was no further discussion.

It passed by a standing vote.

The Moderator read Article VII.

ARTICLE VII: By petition of Aidan Barry and eleven other registered Stratham voters - to see if the District will vote that the Stratham School Board be increased by two members from its present number of three to a total of five.

It was moved by Mr. Barry and seconded.

The Moderator recognized Mr. Barr who moved to amend the motion to the following sentence: "Both new members will be initially elected in 1993, one to a three-year term and one initially to a two-year term with three-year terms thereafter."

It was seconded by Mrs. Canada.

It passed by a voice vote.

The Moderator recognized Mr. Barry. Mr. Barry explained why he was in favor of this Article. He felt that a five member board could handle the work load better.

The Moderator recognized Mr. Canada spoke in agreement with Mr. Barry about the work load but didn't feel five members would be the answer. This is where sub-committees have been appointed to help and have been quite effective.

The Moderator recognized Mr. Wool. He asked how the school board felt.

The Moderator recognized Mr. Barr. Mr. Barr felt that at the present time, it was not necessary. He did a comparison with

the larger board of Exeter and explained the advantages of only three members.

It was defeated by a standing vote.

The Moderator read Article VIII.

ARTICLE VIII: To choose Agents, Auditors, and Committees in relation to any subject embraced in this Warrant.

There were none.

The Moderator read Article IX.

ARTICLE IX: To transact any other business which may legally come before this meeting.

The Moderator recognized John Sapienza who moved to reconsider Article III.

It was seconded by Mr. Gronbeck.

Mr. Sapienza believed there was a question on the voice vote.

The Moderator explained that we would be voting to reconsider Article III.

Mr. Sapienza requested a ballot vote.

The Moderator recognized Mr. Barr who spoke against the vote to reconsider.

The Moderator recognized Mr. Ruffner who felt that Mr. Sapienza should state that he voted with the majority.

The Moderator said that it was presumed that he voted with the majority.

The Moderator recognized Mr. Woods. He spoke in opposition to this motion.

It was defeated by a standing vote.

The Moderator recognized Mr. Lanzillo who commended the School Board for the work they have done and asked for an applause.

Mr. Geppner thanked Mr. Lanzillo. He then thanked Mr. Barr for his service of five years to the School Board. Mr. Geppner acknowledged that Darrell Lockwood, former Assistant Superintendent, was back from Connecticut for this meeting. He wished him well in his new position.

The Moderator declared the meeting adjourned at 9:35 P. M.

Respectfully submitted

A handwritten signature in cursive script, reading "Ellen B. Bullard". The signature is written in dark ink and is positioned above the printed name.

Ellen B. Bullard
School Board Clerk
